

Meet Vinny - Your Calm Voice in a Roadside Crisis

Why Save "Vinny"?

In a stressful roadside moment, you don't want to scramble for paperwork. Having your vehicle's details saved in your phone can speed up service, reduce anxiety, and ensure accuracy when every second matters.

How to Set Up "Vinny" on Your Phone

1. Open your Contacts app
2. Tap + New Contact and name it: Vinny
3. In the phone number field, enter your Roadside Assistance number
4. In the Notes section, copy/paste your:
 - Vehicle VIN (usually found on your registration or windshield)
 - Make/Model/Year
 - License plate number (optional)
5. Add an emoji like [car] or [wrench] to help it stand out!
